FACTS AND PROVISIONS/LEGAL REQUIREMENTS

This project, to contract for resurfacing of roadway pavement, is part of the Department of Public Works' ongoing highway construction and maintenance program. It will be advertised in accordance with Section 20392 of the State Public Contract Code.

This project is to be completed in 90 working days. It is estimated the work will start in October 2013 and be completed in February 2014.

The contract agreement will be in the form previously reviewed and approved as to form by County Counsel.

The award of the contract will not result in unauthorized disclosure of confidential information and will be in full compliance with Federal, State, and County regulations. The project specifications contain provisions requiring the contractor to comply with terms and conditions supporting the Board's ordinances, policies, and programs including, but not limited to: the County of Los Angeles' Greater Avenues for Independence and General Relief Opportunities for Work Programs (GAIN and GROW), Board Policy No. 5.050; Contract Language to Assist in Placement of Displaced County Workers, Board Policy No. 5.110; Reporting of Improper Solicitations, Board Policy No. 5.060; Notice to Contract Employees of Newborn Abandonment Law (Safely Surrendered Baby Law), Board Policy No. 5.135; Contractor Employee Jury Service Program, Los Angeles County Code, Chapter 2.203; Notice to Employees Regarding the Federal Earned Income Credit (Federal Income Tax Law, Internal Revenue Service Notice 1015); Contractor Responsibility and Debarment, Los Angeles County Code, Chapter 2.202; the Los Angeles County's Child Support Compliance Program, Los Angeles County Code, Chapter 2.200; the Los Angeles County's Defaulted Property Tax Reduction Program Ordinance, Los Angeles County Code, Chapter 2.206; and the standard Board-directed clauses that provide for contract termination or renegotiation.

The State Public Contract Code requires the County to award construction contracts to a responsible contractor with the lowest responsive bid, which is defined as the firm that: (1) submits the bid with the lowest cost; (2) is deemed by the County to be responsive to specific criteria under the solicitation including, but not limited to, licensure, bonding, and insurance requirements; and (3) is determined by the County to be a responsible bidder by exhibiting the capability, capacity, experience, trustworthiness, and financial wherewithal to perform the work required under the bid solicitation.

To ensure that the contract is awarded to a responsible contractor with a satisfactory history of performance, bidders are required to report violations of the False Claims Act, criminal convictions, civil litigation, defaulted contracts with the County, complaints filed with the Contractor's State License Board, labor law/payroll violations, and debarment actions. As provided for in Board Policy No. 5.140, the information reported by the contractor will be considered before making a recommendation to award.

The plans and specifications include the contractual provisions, methods, and material requirements necessary for this project and are on file with Public Works.

ENVIRONMENTAL DOCUMENTATION

This project is categorically exempt pursuant to Sections 15301(c) and 15303(d) of the California Environmental Quality Act Guidelines and Class 1, Subsections (x)(2), (x)(9), (x)(14), and (x)(22) and Class 3, Subsection (q) of the revised County Environmental Document Reporting Procedures and Guidelines adopted by the Board on November 17, 1987. These exemptions provide for reconstruction of existing roadway pavement, curbs and gutter, sidewalk, drive aprons, and drainage structures in places; parkway tree planting; removal of trees caused damage; maintenance of existing roadway facilities; and storm drain construction.

CONTRACTING PROCESS

This project will be contracted on an open-competitive bid basis. A recommendation for award by the Board will be made upon review of the bids. The contract will be awarded to a responsible contractor who submits the lowest responsive bid meeting the criteria established by the Board and the State Public Contract Code.
